## Introduction

### **“The Simplest Way For Beginners To Earn \$1,000+ Per Day...Starting In As Little As 48 Hours!”**

Announcing a NEW BREAKTHROUGH WAY to earn \$1,000 per day... \$30,000 per month... or more... for those people wanting extra money, retirement cash, and real freedom... while eliminating the pressure, stress, and frustration of other so-called “opportunities”

Presented by **Matt and John Rhodes**

Welcome today’s special presentation! You are about to discover, **“The Simplest Way for Beginners to Earn \$1,000+ per Day... Starting in as Little as 48 Hours!”** This is a brand-new, breakthrough system that finally takes away all of the hassle, pressure, stress, and frustration that typically comes about as you try to build and grow your own online income streams. The best part is that you can utilize this system, even if you are a complete newbie.

Most systems involve a lot of moving parts that make it complicated to get everything set up for an online business to operate correctly and efficiently. This system removes a lot of those complications, and there are people making crazy amounts of money it right now. The material you are about review was originally shared by Matt and John Rhodes. Their pictures are shown in the screenshot above. Matt is pictured on the left, and you can see his brother, John, smiling in the picture on the right.

These men are happy to share their business model with you, but they do ask that you review and understand the following disclaimers before moving forward to review the rest of the material. Their disclaimers read as follows:

“You will see big numbers today. These results are not typical, and the average result is \$0, but that’s because most people don’t put the time in it takes to utilize what they learn and make a profit. That’s the deal. You have to take action to create a profit, much less a lasting business, and that’s just the way

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

that it is. There will be a special offer made at the end of the presentation. So, if you want to work for us, we've got some great opportunities for you. Also, take note that this system is not for everyone, but the material you have selected will be worth taking the time to review, as you will soon see."

## WHAT RESULTS ARE POSSIBLE?

\$6.13	\$25.30	\$651.17	\$1,011.93
\$2.54	\$22.53	\$635.82	\$946.30
\$3.71	\$35.91	\$494.52	\$861.84

Michael earned **\$635.82** from Wednesday to Friday by "working" a total of 60 minutes over 3 days...  
*(Verified Commissions Earned - Results Not Typical)*

Before beginning to review the rest of this document, you may be curious about what's possible with a system such as this. Well, if you look at the screenshot above, you'll see that a student named Michael was able to earn \$635.82 within a few days' time, just by "working" on his business for a total of 60 minutes over 3 days! Another student, who goes by "D," pocketed an extra \$5,940.12 in just 62 days. Again, these are verified commissions earned, but these results aren't typical.

That being said, these results have been duplicated by a number of individuals, and people are generating thousands upon thousands of dollars with this system. Some are generating thousands of dollars in a single day. You can see in the screenshot below that a student named Rich M. was able to make \$1,001.04 in just 7 days, and he had someone else doing all of the work for him. A student named Simon was able to generate \$378.30 in less than 24 hours using this very same business model.

## WHAT RESULTS ARE POSSIBLE?

\$5.45	\$22.98	\$1,359.64	\$1,999.64
\$6.39	\$46.17	\$1,001.04	\$1,846.92
\$2.98	\$24.04	\$1,135.69	\$1,730.59

Rich M. made **\$1,001.04** in 7 days and had someone else do all the “work” for him...  
*(Verified Commissions Earned - Results Not Typical)*

There are plenty of other similar results that John and Matt shared in the original presentation of this material, and you’ll see other examples throughout this text as well. The best part is that the results being shown are all profit. John knows that a lot of marketers will show the sales generated by a system, not the actual profits that people are putting into their bank account. He doesn’t want to misrepresent their offer in anyway, so he wants to make sure you know you are getting the bottom-line results.

Very often, people will also share old results that aren’t reflective of what you see in the marketplace today. The system you are learning about is very current, and John and Matt are not only teaching their students to use it, they are encouraging their own family members to use this as well. They are proud to say that some of them are listening and profiting as a result.

The people that are using this system and gaining profits are not particularly special in any way. They aren’t PhDs or professional marketers. They are regular, ordinary folks, probably much like you, and actually, they are only using a tiny fraction of what you’re going to be learning about today. This isn’t multi-level marketing, and there’s nothing shady about this system. It’s not a “get-rich-quick” scheme either. It does take some effort to implement this, as all legit income systems require, but it is very fast and extremely easy!

A lot of marketers also will try to sell you a lame, “push-button, but do-nothing” system. Well, often you’ll find that you push the button on the software, and it literally does nothing. These men want to assure you that this isn’t that kind of offer, and again, this isn’t an outdated system either. This system works now, and people are using it to create substantial businesses right now. Furthermore, this does not require the use of PayPal or a merchant account. Not

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

that there's anything wrong with having those kinds of accounts, but you don't need to have either to utilize this business model.

This system doesn't require you to have any employees either. Now, if you already do, it's just going to help you achieve more, to have some help with the implementation of this system, but it's not necessary to have extra people on your team. This doesn't require you to have any sales or amazing writing skills either. And, unlike many other current systems, you don't need paid advertising to make this work for you. Sure, you can utilize paid advertising, but it's not required to become successful with this system.

## What This Is **NOT**...

- This does **NOT** require a Paypal or Merchant Account...
- This does **NOT** require any employees...
- This does **NOT** require any sales or amazing writing skills...
- This does **NOT** require any paid advertising...
- This does **NOT** require any website or web hosting...

PRESENTERS: **Matt and John Rhodes**

What makes things really simple is that this doesn't require you to have a website or any web hosting. If you have these things, it just adds to the power that you have, but neither are necessary. You don't have to make phone sales, work every day, or invest in inventory. A lot of systems are misleading and cause you to have to invest a lot of time and money to make them work. John and Matt say they don't want to mislead you, and they are offended when other people do.

You don't have to build a list or do email marketing. This system can be great for building and adding to a list, but this is something else that's not necessary. Another great aspect of the system is that you don't have to create your own products. This is completely different than anything you've ever seen before. John and Matt want you to know that they respect your time, and they don't want you to waste your time on anything that's not useful.

This breakthrough money system works to pay you over \$1,000 per day. Don't worry if you have failed before when it comes to stuff like this. In fact, if that's the case, this is what you are

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

looking for. On top of everything else that's being presented, John and Matt are going to reveal their #1 niche. They don't have to worry about that, really, because the market cannot be oversaturated.

If you have a business, this can definitely work for you, but it can also work for you if you have never had a business before. There are secrets for people of all experience levels throughout this training. You are going to discover 100% real guru secrets that have been deliberately hidden from you – and never revealed before. It's also going to be easy for you to see how simple this system is, so let's get started.

## A Road to Freedom

### THE RHODES BROTHERS STORY

- **MATT** got started online when he was **DEAD BROKE**
- Was **DEEP IN DEBT** from College Tuition Bills
- Forced to take out student loans just to make ends meet
- Over **\$20,000** of high-interest debt kept piling up: plus he had to pay rent, health insurance, car insurance, credit card bills, and *still* make payments on his student loans...

PRESENTERS: **Matt and John Rhodes**

First of all, it's important that you know who it is that you are learning from. After all, you don't want to be misled by people, claiming to be gurus and never delivering anything valid. An interesting aspect of Matt's success is that he got his start when he was dead broke. That, in itself, is not that odd. Many people get their start when they are deep in debt, often follow unsuccessful after-college ventures that never panned out, and they are left with student debt in spite of it. This can be quite motivating.

When it comes to Matt Rhodes, he had to take out student loans, just to make ends meet. So, he knows what it is like to have to take out additional money, just to get by. When you have over \$20,000 of high-interest debt, plus rent and other expenses, like health insurance, credit card bills, and so forth, you really have no other choice but to get a bit creative. And, Matt wasn't letting it get him too down anyway. He was still trying to live a life and have some fun, but he did have a bit of trouble keeping up with his life expenses.

John was doing fine, in general, but he felt stuck. Not just financially, either. He was stuck in a demanding job, and he remembers himself feeling like the job was sucking out his soul. It got to where he hated getting up in the morning, and that's no place you want to be, even though many of us are quite often. John describes this time period as feeling dull and gray. Maybe you've felt like that before.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

Have you ever had to commute for a job? Yeah, John hated that too. He says that he always felt overloaded with stress, and completely exhausted because even when he rested, he could never relax. Again, the job that he had was draining him, and he couldn't even make it home very fast because of the commute. John expected his job to come with a good deal of stress because it paid well, but he couldn't even relax on his days off and his vacations.

## THE RHODES BROTHERS STORY

- **JOHN** was doing “fine” but **STUCK** in a demanding job that sucked out his soul – he hated waking up in the morning
- He would commute home late from the job, always totally exhausted, overloaded with **STRESS...** could never “relax”
- All he saw in the future was a mediocre **DEAD-END** job, and was *absolutely desperate* to make a **BIG CHANGE...**

PRESENTERS: **Matt and John Rhodes**

The thing is that when you feel that way, even on your days off, you aren't present for your family, and you miss a lot of happy moments, as well as moments you could have been more helpful and loving. More so, John didn't see expansion for himself or his family. Freedom was important to John, especially when it came to him providing for his family. What could he do, though? He was living a mediocre life, with a dead-end job, and he was absolutely desperate to make a big change.

Matt bought a lot of different products, and many of them were cheap. Well, you get what you pay for. He was able to get a few things to work, but he wasn't able to make enough to recover his debt. Eventually, he went out on a limb and purchased a product for \$2,000. He did have to go deeper in debt to get this product, and this was a lot of money for him at the time. This venture paid off though. He spent the money and he got the real secret and hidden gyms that he needed.

It wasn't the product itself that brought about the payoff. It was the sales and marketing that went into it. He was able to figure out not only how to market products online, he also realized that getting traffic is easy. Most importantly, he discovered that systems and processes were where the money was really at. Things that are boring, in business, tend to pay really well, but no one wants to tell you that.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

People don't want to say, "Hey, there's some boring stuff over there in the corner, and that boring stuff will get you rich." That's because people don't want to buy boring stuff. They want to get rich. But, guess what? The boring stuff out there can be turned into systems that you can leverage and scale. So, Matt ended up creating a 12-page PDF, which he began selling for \$12 a sale. He ended up selling over 300 copies in a week, and he generated over \$3,000 that way.

Matt came home to spend time with his family for Christmas, and John was blown away. He didn't believe that Matt had made that much money online. In fact, he pulled him over to the side after dinner and asked if he was dealing drugs or something because he didn't buy the story of Matt making that much money online. But, Matt showed him how easy his system was and how he was able to get free traffic.

## Matt Reveals His Secrets

- **SECRET #1**: Pick the RIGHT Niche (*NEVER, EVER "GUESS"*)
- **SECRET #2**: ALWAYS Start with FREE Traffic (scale up later)
- **SECRET #3**: Sell Once and Get Paid Forever (automatically)

PRESENTERS: Matt and John Rhodes

The screenshot above shows a list of secrets that Matt revealed to John. Secret #1 states that you need to pick the right niche and never, ever guess. If you want to get the most traffic that you can as easily as possible, it comes down to being at the right place at the right time. If you go fishing, the best thing to do is to go down to the fishing hole where all the fish are, right? There aren't that many fishing spots where there is an unlimited number of buyers, so quickly, Matt realized that he had actually picked the right niche, and that made all the difference in the world.

You don't ever want to try to guess who the buyers will be or try to create a market for a product. In fact, you don't want to be very creative at all when it comes to targeting that market. You simply go to the place where the buyers are at. Now, the next secret, which is very related, is that you want to start with free traffic. Free traffic is easy to get if you go to the

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

places where people are just looking for the next big hit, or the next secret or solution to their problem and to their pain.

Start with free traffic. You can always scale up and invest more later. The third secret Matt discovered is that he needed a backend too. He needed an OTO (one-time offer). He also needed something that would sell over and over again. That way, you only put in the work once, and the sales can keep coming in. Each of these secrets will be covered in further detail, but these are the three secrets to running a successful online business that were realized by Matt and have been the basis of all of the money he and John have made since then.

Matt started making \$3,000 a week, which equals out to about \$12,000 a month. Needless to say, it didn't take very long to get out of debt that way, and before long, Matt was experiencing the high side of life, and John was noticing. John just started copying what Matt was doing, and that's how John started making \$10,000 or more a month online, and again, they were doing this with nothing but free traffic!

If you look at the screenshot above, you might recognize some of the successful entrepreneurs and marketers that John and Matt have been able to rub elbows with as a result of using the systems they have discovered. Ryan Deiss, Frank Kern, and Sir Richard Branson are just a few examples. They have been able to conduct business with these successful individuals and join mastermind groups with them to be able to make even more money. Even though both Matt and John are very successful now, they don't live flashy lives. They both live very modest lifestyles, actually, but they are absolutely free and have the money to pay for the things they want.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

Things got better and better for Matt and John, but then one day they discovered something that really made a huge difference. They stumbled across an underground \$1.2-million-dollar secret system that literally had instant success “built-in”. The mastermind students of this system are currently earning \$40,000 a month. These are people that already have successful businesses, and they have been in the game for some time.

Most of the people utilizing the system were workaholics and put a lot of time into making the system work for them. However, there were a few of them that were using the system part-time, investing as little as 30 minutes a day. So, Matt and John ignored the workaholics, and they focused on learning from the people that were able to do it with minimal time investments. They began to reverse-engineer what those people were doing, and they realized that there were secrets being held back. At that point, they tore the system all up and rebuilt it from the ground up, implementing the new secrets that they were picking up.

This is how they put together the secret system that Matt and John are revealing to you today. Again, it’s built to generate as much money as possible with as little time and effort as can be afforded. Now you have the chance to learn how to make over \$1,000 a day, starting in as little as 48 hours. Think about all those people out there who are stuck in cubicles, burning their lives away and working for a job and a boss that doesn’t value them or provide value. Even the ones that have discovered somewhat of a “free” internet lifestyle, are still stuck with a business that’s a pain in their ass and takes up all of their time.

For some, it seems like nothing that you can make money at is ever fast or easy, and maybe you’ve felt this way too. In fact, sometimes it feels like in order to have a successful online business, you need a PhD in marketing, web traffic, product creation, and computer science. John and Matt remember feeling that way, and that’s why they decided to build and scale the secret system they had found and stop focusing on anything else.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

## Who Is This **NOT** For?

- **IF** you are already set up to **collect \$1,000 per day (in 30 minutes)**...
- **IF** you are a technical programming genius who LOVES “high-tech” ...
- **IF** you already have a team in place to provide customer support...
- **IF** you’ve got cash to burn on copywriters, designers, consultants...
- **IF** you already have multiple products and services that you can sell at the \$10, \$50, \$100, \$250, \$500 and \$1,000 price points...

**Then this Secret System MIGHT not be for you.**

PRESENTERS: **Matt and John Rhodes**

As previously stated, this system isn't for everyone. The screenshot above breaks down who this is not for. First of all, if you already have a very successful and strong business, this may not be right for you. You may already be making upwards of \$1,000 a day in 30 minutes or less per day, or you may already have products and services that are sold at \$10 - \$1,000 price points. If that's the case, you might be able to implement John and Matt's system into your business, but it may be unnecessary for you to do so.

If you are a geek who just loves to be engaged in high-tech tasks, this might not be the best avenue for you to take. The same is true if you enjoy working as a copywriter, designer, or a consultant. This is also the case if you already have a team in place to provide these functions or customer support for your business. You can add this system to your business, but you really don't have a need to pay for employees to help you produce results with this system.

This is a 100% proven profit system. This is also 100% pre-built. A lot of other systems out there work well, but you have to actually put them together, and if you don't have the expertise to do so, that can prove very difficult. Would you rather buy a bunch of car parts and put it all together before you can drive it, or would you rather buy a car that was already built to drive? That's what it comes down to.

Building a business from the ground up could be a beautiful thing, of course, but more than likely, this is going to cause you to want to give up or to lose too much money before you ever get the chance to make any. The people using John and Matt's system get to keep 100% of the cash, 100% of the time, and that's why this works. This is a proven profit system, and it is really a reseller system. So, you can instantly put this in place, it's proven to work, and it pays cash continuously.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

Unlike every other opportunity out there, this system allows you to collect in less than 48 hours. It is possible to start making money in even less time with this system, but there is some manual work involved in setting all of this up properly. Once it's all set up, then it only takes about 30 minutes of work a day to keep the system going and make it profitable. But, you don't have to work at it every single day, and obviously, you can put more work into it, if you want to. That's all up to you and how much you want to get out of the system.

Probably the greatest aspects of this are that you get to choose when and where you put in the work, and you'll reach a point where most of that work involves checking your sales and withdrawing your cash deposits. That's how you should always go about running your own business anyway. You should be working on your business, not working within it, meaning that your tasks should involve mostly making sure that the money is coming in and continually scaling up your profits. That's what it's all about.

Matt and John love passive income. They like to be able to just sit there and collect cash. When you have a system such as theirs in place, it will work for you automatically, and if you are doing "zero work," you have a lot more time for just collecting the money and enjoying life. Both of these men are able to enjoy traveling and spending time with their families. They aren't really in it to be billionaires. They enjoy the lifestyle, time, financial, and location freedoms that a system like theirs provides.

Most people would agree that the money showed to be earned is nothing to laugh at, but in a way it totally is. You can laugh all the way to the bank with a system such as this, knowing that you only had to work 30 minutes a day, 3-4 days per week to earn it. Having an automated system working for you day and night is easy when you have the right traffic feeding into the funnels that you have created. According to John, there are only three ways to get traffic. You can build, buy, and/or borrow it.

John says that he loves to borrow traffic the most. This entails having other successful people drive, push, and give traffic to you. Typically, this is done through already proven funnels. If the traffic is good traffic, then the proven funnel will work profitably. You can absolutely bet on that. These proven funnels make Matt, John, and their business partners money, and the products and services offered make their customers happy. So, it's a win-win all the way around.

# FREE TRAFFIC FACTS

- Easy traffic (that literally **ANYONE** can tap into in minutes)
- Build, Buy, Borrow Traffic
  - **"BORROW"** ...others LOVE to send traffic into **PROVEN FUNNELS**
  - We can get **1,000+** views in... **ONE MINUTE**
  - **25,300** targeted views in... **ONE MINUTE**
  - **103,000** targeted views in... **ONE MINUTE**

PRESENTERS: **Matt and John Rhodes**

John and Matt can get 1,000 or more views by investing any more than a minute or two of work. It may take a little more time to get the traffic to come and people to make purchases, but views are simple to get. The important thing is to get targeted views so that you aren't wasting your time, energy, and in some cases, money as well. If you can target the right audience and get the amount of views Matt and John are going to show you how to get, you will have no problem selling your products and services to people.

Matt and John admit that they have built out plenty of funnels that haven't worked in the past, but that just means that they have the experience to know what works and what doesn't. Just like you can build off the traffic and working funnels of many successful entrepreneurs out there, by borrowing their traffic, you have the chance to build and grow from John and Matt's expertise on what works and what doesn't. That means they have already been in the trenches and are here to report back what they've learned so that you don't have to suffer the same pitfalls they did.

Not only have John and Matt put in the time and effort into learning and refining these systems, they have put lots of money into these systems as well. Of course, you aren't losing money, but investing it, if what you put into it ends up making you more. That's exactly what John and Matt are able to do, and why they are good people to learn from, as you are likely beginning to understand. They spend tens of thousands every year on education, training, and tools, and you are going to be able to, basically, piggyback off of what they have been able to put together.

This is why so many other people have been able to make a profit after partnering with John and Matt. When you can partner with others in this way, this becomes a beautiful, virtuous

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

circle. Everyone just keeps winning and becoming more and more educated as a result of all of this partnering and growing. Of course, John, Matt, and their partners are all very special people, and that's why they are able to do this, right? Not really. This works for other people as well, especially those who are really serious about learning and implementing this system.

**YES, THIS WORKS FOR OTHERS...**

\$2.26	\$30.61	\$6,303.32	\$10,378.11
\$2.02	\$26.32	\$3,387.71	\$5,343.87

**Craig earned \$3,387.71 profit in just 6 days...**  
*(Verified Commissions Earned - Results Not Typical)*

Check out the results that a student named Bryan was able to achieve within a 5-day period of time. You'd probably agree \$734.77 isn't a bad payday for just implementing a proven system that runs automatically. During the live presentation of this material, Matt and John shared screenshots in which people were able to bring in thousands within a week's time. For example, a student named Craig earned \$3,387.71 in profit over just 6 days. These results are shown below.

Hopefully, you can see that this works, it works well, and it works fast. Below, you'll also find a screenshot which shows that a student named Barbara earned \$132.83 in just 24 hours. These men showed many of these results, but they could bang the drum about this all day long. There are so many people utilizing their system and getting results from it. This includes a student of theirs, they refer to as the "\$50 Million Man". You see, one student was able to produce \$50 million with this very system, using only one website, no less!

John and Matt have produced a case study to share with others on how the \$50 Million Man made his profits, but they obviously can't share it with everyone because it's very unique. However, they are going to reveal how you may be able to access this case study, and absolutely for free. Instructions for this will be provided at the end of this training material.

## Secrets to a Reseller System that Works!

### WHY THE SECRET RESELLER SYSTEM IS SO EASY

- All websites, products and buy buttons are **DONE-FOR-YOU...**
- You earn extra money with **AUTOMATIC** Sales Systems...
- **PROVEN** e-mails are pre-installed and turned on for you...
- You collect **100% of the profit...**
- The “work” is done by the system...

PRESENTERS: **Matt and John Rhodes**

Why does this secret reseller system work so well? Why is it so easy? Well, first of all, you do not need to waste time finding the right niche. You also don't need any tech set up or web hosting. You don't need to be a programmer, a developer, or a professional marketer. You don't need to build sales pages or create split tests. Matt and John have worked out all of those details for you so that you don't ever have to work them out for yourself, nor do you have to create products or be an expert in any way.

All you have to do is take action and put what John and Matt are trying to give you to use. You don't need to build up your own proof because you can just borrow theirs, and you don't need to research what works because they already have. They like to see students of theirs building a list as they grow their businesses, but you don't have to in order to make money with this system. You don't have to spend money on a support team, having sales copy written, or expensive designs created with this system either, unless you just want to.

Everything that you need to use to make this work has already been made for you so that you can earn money automatically with done-for-you sales systems. Matt and John know that it sounds boring when they talk about systems, but you'll soon see what makes the Secret Reseller System so easy when you partner with them and gain access to it. For instance, part of what they are going to provide you with are proven emails that are pre-installed and turned on for you.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

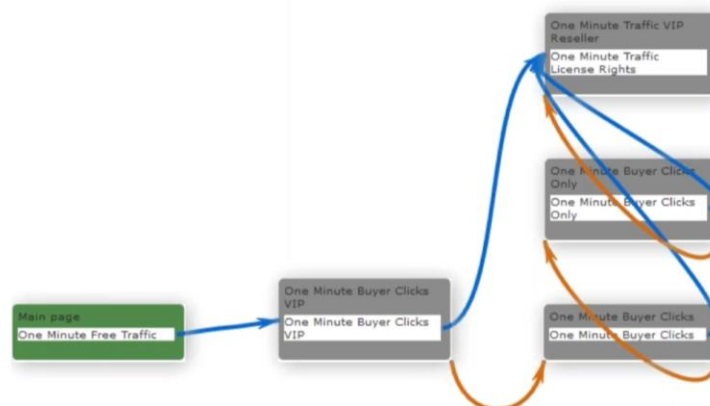

You'll be able to collect 100% of the profit, and all of the "work" has already been done for you. Your job is just going to be to monitor the cash coming in and further scale your business, if you would like to. All you have to do is get your money from Point A to Point B, and Point B is your bank account. Let's take a moment to walk through the system step-by-step, just so that you can better understand how this all works:

### ***Step 1: Review Several Money Systems in ONE Niche That Are Already Proven to Work...***

You want to look at the money systems that are working. What is a money system? A money system is a funnel that sells products or services for a hot niche. Now, you can have multiple funnels, but John and Matt recommend that you stick to one niche. That's because there's power in being able to focus on one thing. So, what niche do they recommend you target? "Internet Marketing" is that niche, and you will learn why they chose this niche later on in the training.

You are going to use your products and services to help, teach, and train others. Look, you aren't a sleazy car salesman just looking to move as many cars off the lot as you can each and every day. You are going to be offering solutions to people who really need them, and you'll be doing this through the use of sales letters, videos, emails, and web pages that have been proven to work.

## **PROVEN FUNNEL: One Minute Free Traffic**

Look at the screenshot above. This is a proven funnel for "one-minute free traffic". You may have seen a funnel like this before. It starts with a front-end offer, and then people that buy

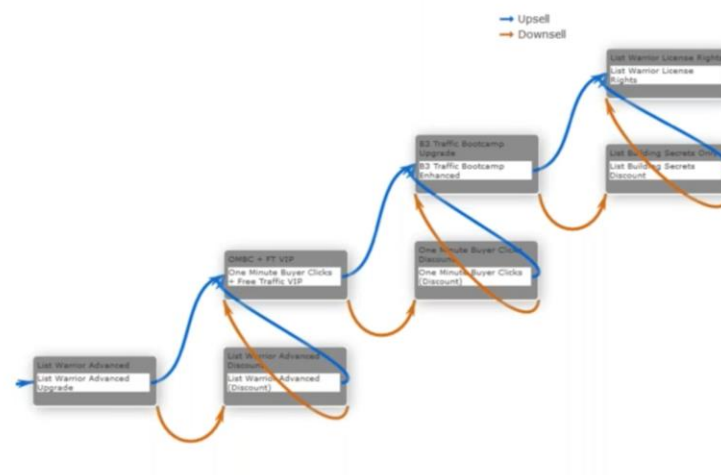

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

into the first offer are presented an OTO, and then those people are also presented downsells, or upsells from there. There's always more money to be made on the backend, and this is a funnel that allows for multiple products. This funnel is proven to win, and if ever a funnel is not a winner, John and Matt revise and improve it.

These men also have a funnel named "One Minute Traffic Machines". They have a number of funnels in place, currently, that are perfectly crafted and proven to make money. As a member of the program that you get today, you get the rights to resell this funnel for 100% commissions so that you keep all of the profit on all front-end sales, plus all upgrade sales as well!

Another funnel they offer has been given the name "List Warrior" because it not only sells products, it helps you to build a list as well. Now, you could create funnels such as these and use them to promote products on platforms like ClickBank.com, but you only will get partial commissions this way and zero backend sales.

## PROVEN FUNNEL: List Warrior

John and Matt are giving you a chance to promote a reseller offer that you can sink your teeth into. With the reseller funnel they are going to provide you with, you'll collect 100% of the profits upfront, and you'll receive 100% of the profit on all of the backend offers that you promote. That's the power of a well-done reseller offer!

### ***Step 2: Plan Your Super Quick Start and Long-Term Traffic***

If you like to type or write, you can type, write, create videos, and speak on stage, traffic is easy to come by. Writing articles for blogs and posting on social media will also bring about good

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

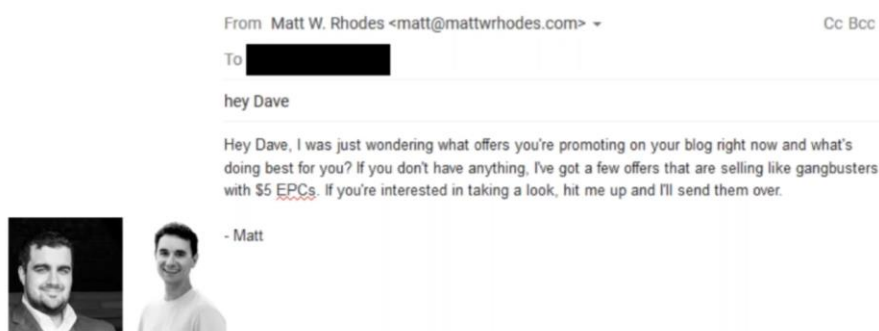

amounts of traffic. The amount of time you spend on these sorts of activities usually determines how much of a result you get in terms of traffic, and the “sweat equity” that you put into projects like these usually pays off in the long-run.

It’s easy to build traffic, and you don’t need much traffic at all. Again, not only can you build traffic, you can buy it too. Some examples of this are buying Facebook ads or paying influencers to help promote your products or services. Then, finally, you can borrow traffic, and you do this by finding people who have groups and lists. Since you are making 100% of the profits with your funnels, you can even offer the partners you take on 50% or more to help you sell more and further grow your business.

Borrowing traffic is Matt and John’s favorite strategy for scaling up. Sometimes you can pay out as little as 25% and keep the other 75% of the profit for yourself, but sometimes it’s very worth it to pay out 75%, especially if a person has a monster list that will bring in tons of sales. In such scenarios, you can get richer gaining only 25% of the sales than you would keeping 75% of the sales with a smaller or less targeted list. It’s all up to you, but you’ll learn more about how to go about making these decisions further on in the training as well.

## **STEP TWO**

**AMAZING:** A quick 5 minute e-mail chat can result in 1,000, 5,000, even 10,000 clicks into your 100% profit reseller funnels.

PRESENTERS: **Matt and John Rhodes**

The screenshot above shows an email that Matt sent out to a business partner of theirs, named Dave. If you read the content of the email, you’ll see that this message was written out in a friendly manner, and there’s nothing pushy about it at all. He just let Dave know that if he didn’t have anything going on, he had a few offers that were selling like gangbusters with \$5 EPCs (earnings per click). So, every click is worth \$5, in this case, because the offer is working so well.

**[CLICK HERE](#)** To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!

This is just a simple message between potential business partners in which one person is informing the other that there are substantial opportunities available, but in a friendly manner. That's it. There's nothing complicated about this, and this business "deal" could prove incredibly profitable for both parties. This email is just one simple example of how you are going to be shown the ropes to doing all of this yourself in some of the easiest ways possible.

Of course, if you have your own list, or your own platform, that's really great. However, you can simply partner up with people through small talk in the manner that Matt has in the email above to make profitable arrangements with people who are already looking for high-converting, proven offers. Plus, you can choose good people to partner with because it's not like going to work and having to work with certain employees. There are thousands of people, like Dave, to choose from, and you can choose to only work with the best and most promising ones.

### ***Step 3: Know Your Numbers and Grow Your Breakthrough Profits***

Obviously, you are going to want to know your numbers in order to grow your business substantially well. What's every new email subscriber worth to you? Typically, the average is about \$1 per month, forever. That converts to \$12 per person, per year. In your case, however, you are going to get help from mentors and coaches, such as The Rhodes Brothers, and be able to use their proven "Squeeze" pages to collect emails.

Once more, you don't have to build a list at all to make the system at hand work for you, but it's a good idea to. Proven squeeze pages, sales funnels, and already-written emails will be provided for you to utilize. All the pieces and parts of the system, and even some that aren't necessary, have been proven to work and will be given to you on a silver platter, when you decide you want to start working with John and Matt.

Think about building with borrowed traffic. Then, as you scale up, you can begin to buy traffic. You can take \$200 or \$300 out of every \$1,000 that you have coming in and reinvest it to get even more easy traffic. Let the money work for you. This is exactly what "work less, make more" means.

John loves to study billionaires nowadays. He doesn't feel the need to become a billionaire himself, but he does like to continually move in that direction. The mantra of the ultrawealthy is, "Zero Work, Infinite Income," which essentially means, "The less work I can do, the more money I can make." You really can get to a place where every action you take decreases the work that you have to do while increasing your income.

# STEP 1 – STEP 2 – STEP 3

1. Review Several Money Systems in ONE NICHE That Are Proven To Work!
2. Plan Your Super Quick Start and Long-Term Traffic (Get Help If Needed!)
3. Know Your Numbers and Grow Your Breakthrough Profits!

PRESENTERS: **Matt and John Rhodes**

So, you've learned that there are three steps to take to become a successful online business owner. The steps are all broken down in the screenshot above. How would you like to spend just 30 minutes a day running a business like this? How would you like the chance to make money within 48 hours of getting started? Do you think it's really possible to make \$1,000 or more each day by running a simple, automated system? Let's look at a real-life example.

With a good opt-in form or squeeze page, you can get about half the people that come to a page to join your list. So, at \$0.50 a click, it would cost you about \$1.00 to get someone to opt-in. Truthfully, you can usually get as many clicks as you want for less than \$0.50. Then, when you have a highly-rated, virtually endless supply of traffic, you can scale things up, and find even better, faster, and even cheaper ways to get traffic.

Quite frankly, most of your traffic will be free because of the partnerships you are going to be able to use to "borrow" traffic. In fact, you won't even have to buy traffic, if you don't want to, but you can. If you want to go gonzo-crazy scaling up, you can do it at a rate of \$0.50 or less per click, but most of your traffic can come easily and free. Even if the traffic costs \$0.50 per click, you'll still be making 12 times what you invest. The math is broken down for you in the screenshot below.

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

# CONVERSION RATE + SUBSCRIBER VALUE = 12x MONEY

- 50% conversion rate is typical for our pages you get... so, \$1 per subscriber
- BUT, you make **\$1 PER MONTH** per subscriber!
- \$1 in 1<sup>st</sup> month... invested... turns into \$12... *that's 12x your money!*

PRESENTERS: **Matt and John Rhodes**

However, most of the money you'll be making will come from traffic that you are getting through your partnerships. So, you'll be collecting 100% of the profits you are collecting from your funnels, and these funnels have been known to pay anywhere from \$160 - \$400 per buyer! How amazing is that? It can get even better than that as well because you can make a lot of money when you put a proven offer right in front of hungry buyers.

When you are able to put the right stuff in front of the right people at the right time, it can make a world of difference. Hopefully, you can see how powerful all of this is. How many sales would you need to make \$1,000 a day, or even just \$10,000 a month? One buyer could come in and be worth hundreds of dollars to you, and you can keep 100% of those profits, instead of just a measly 5% or 10%. Even if you partner with someone, you are still going to be able to keep 50% of that money. So, in a scenario like this, it wouldn't take very long to hit that \$10K a month goal.

Making a fortune of cash isn't difficult when you have proven funnels to work with either. On top of all of this, John has a complete "mind bomb" to share with you. This is the deal. John and Matt want you to dream big, and so they want you to know that there are two extra weapons that make this 100%-proven reseller system work. Think about having:

- **#1: \$500, \$1,000, and \$2,000 products in the "backend" of all funnels!**
- **#2: Passive Cash Systems... in the back end of every funnel!**

It's not hard to understand that \$500, \$1,000, and \$2,000 backend products could drive extra cash for you. Offering webinars are a good example of how you can do this. Then you can also have passive cash systems generating money for you 24/7 in the form of membership sites, just

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

to name one example. The internet marketing “gurus” out there do it this way all the time, but they hide this secret from you. They know that the “backend” is where the real profits are, and now you do too.

The “gurus” out there usually only pump the low-ticket stuff. They don’t tell you about the massive amounts of cash you can generate through webinars and memberships. Would you be interested in making massive and passive cash too? That’s all automatic cash, paid directly to you. It’s not like you are going to have to push extra hard or put in any more of your time. There’s no other time required.

Now look at the screenshot above. Ian was able to earn \$1,706.09 over the weekend. How about that? So, have learned why it's so easy to earn \$1,000 or more a day, starting in as little as 48 hours. You also understand why you don't need to create a product, you don't need any

employees, and this doesn't require you to store or pay for any inventory either. There's no complicated tech setup process, and this system doesn't require you to have any specific skills.

If you can type an email, you're good to go. You don't have to have a college degree, there's no complicated testing, and you aren't going by any weird theories on how to make money online. This is a proven system with proven funnels. What's incredibly vital for you to realize is that everyone wants to make more money, and that's why the "Internet Edutainment Niche" is always on fire!! *Billions* of people are looking for ways to make money online.

The US Government data is very clear about their numbers pertaining to this. Only 5.6 million entrepreneurs are in the USA, but there are 129 million employees in the USA. That means 96% of all Americans are yet to be entrepreneurs! They may be kicking a few tires, have a few side hustles, or they are dabbling a bit, but they are not entrepreneurs. That means there are over 100 million possible customers. This is an endless well of opportunity, and that's just in the USA.

Yes, this system will work for you no matter where in the world you currently reside. John and Matt have customers, clients, and partners in practically every single country throughout the world. Who wants this? The answer is everyone. According to a Gallop poll, 85% of all workers hate their job and want freedom, and a VistaPrint poll revealed that 62% of all Americans want to start a business. Further, a USA Today poll showed that 66% of Americans dream of quitting their job.

The data that's out there shows that 100% Reseller Profit System is the fastest and easiest way for you to start a business that gives you freedom. While John and Matt were creating their system for you, they decided there were two paths that they could take. They were:

- 1. Give you the strategy, show you everything, then leave your success to chance... assume we're done because you'd take this and run with it.*
- 2. Take on more responsibility, take a chance on a few people, look to a brighter future where a small handful of us work together to be as successful and FREE as possible.*

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

We created this because there is no better or faster way for you to replicate our \$1,000 paydays, where we hand you our **COMPLETE RESELLER SYSTEM** – *100% done-for-you.*

When you join today, you'll be set up with a 30-minute strategy call that will be focused on getting you even more free traffic and scaling your business fast. So, basically, you have two choices. You can:

- 1. Do nothing and leave this \$1,000 a day opportunity behind forever, and you'll get nothing out of all of this.*
- 2. Quickly and easily turn on your Zeus Factory RIGHT NOW, take advantage of the \$3,000 "Honor System" offer, and only put in a tiny fraction of an investment to get you started with everything you might need to potentially make \$1,000 or more per day!*

The choice is yours. You can absolutely do this, and you'll have everything you need to get started when you join today by visiting <http://ownzeus.com/dave>. If, by chance, you are a little nervous or anxious about joining, that's totally understandable. You've been shown that this is a proven system, and you surely are confident about that by now, but Matt and John know that anytime a person makes a big investment or does something that could potentially change their entire life, there can easily be a little bit of anxiousness or hesitation.

That may also be excitement you're actually feeling, but let's go over some of the reasons why you might not be jumping in right now. Maybe you feel like it's too expensive, and it may be for you. After all, this system isn't for everyone. However, the team doesn't feel like they are charging too much for it. If anything, they are charging too little for such a life-changing opportunity, and all real business startups will require a substantial investment. This is absolutely new, and it's a complete breakthrough system.

Not only that, but the team is doing 100% of the work for you, and they are putting their money on the line for you to join. And, they have brought you 60% of the way to success, in terms of the investment that they've made for you. All you have to do is take the steps required to take it over the goal line. Taking that extra step might set you back a little bit, and it may even sting

a little, but any opportunity worth anything at all will require you to invest some time, money, and energy.

Making an investment also causes you to focus more, which might make this the thing that finally makes you successful. If you just invested a few bucks, you wouldn't really believe in the system or be focused on it. So, this opportunity may be for you, and it might not be.

Remember, John and Matt aren't really looking for customers. They are looking for partners that will help them breed long-term success.

What you've done up until now, clearly hasn't worked. You've seen that other people have been able to do this and achieve results. Some of these people had far less experience, far less courage, far less ambition, and far less money than you. Still, they are making hundreds, or even thousands more than you, and they were able to do it in very short amounts of time. That's because they were willing to take a leap of faith and take action because they saw an opportunity worth investing in. You have the chance to do the exact same, and it all starts by visiting <http://ownzeus.com/dave> and investing in yourself today!

## Questions & Answers

### **How am I going to get the traffic I need?**

Traffic is really easy. There really are only three ways to get traffic. Again, you can build it, you can buy it, or you can borrow it. If you have any platform or source of traffic, it's likely that you can begin by using that right away. That just means you'll have a leg up on everyone else when you join.

If you don't have any kind of list or platform, there are tons of tactics you can use to gain traffic, including getting in touch with influencers or bloggers or Facebook group owners. So, traffic isn't an issue, and John and Matt are going to help you get the traffic you need when you partner with them today.

### **What else am I going to need after I join?**

The team is going to give you everything that you need to be successful, A to Z. There's a world of difference between programs which just give you training and programs that actually setting you up with the funnels and other tools you need to be successful in addition to help and coaching. You're not just getting access to a few videos and a group or something. You're getting access to all of the products, all of the funnels, and true mentorship, along with the coaching that you are going to receive.

### **Are there going to be any updates made to the program?**

Matt and John are students of the market that you'll be targeting. So, yes, they will be constantly researching and tweaking their funnels and sales copy. They will constantly be updating the program, and furthermore, both of these brothers already know the market really well, so they already know the best opportunities out there. They know that there are no opportunities out there that are easier or faster than what they are providing with Zeus Factory.

### **Why would you be doing all of this for us?**

Matt and John are not afraid to devote their time to serving people that can make this program work for them. Think about it. If they can help you become more successful, ultimately, they

**[CLICK HERE](#) To Get 100% of ALL Front-End and Upgrade Funnel Sales + Earn \$250, \$500 and \$1,000 Commissions + Monthly Membership Payments with Zeus Factory!**

will become massively more successful at their end. They want to help you build a fortune. They want everyone to make more money together and have more freedom as a result.

It's very rare for people to make money on their own. Over and over, it has been proven that partnerships are the path to more success. Very few people are operating within the internet marketing space on their own, and this is an extremely well-kept secret. There are very good marketers out there that will try to teach you how to do it all on your own, and they often have good intentions, but there are so many moving parts that most people either give up or fail. John and Matt understand that this is too complicated for most, and therefore, they worked to create something that most people could actually use and become successful at.

### **How do you feel about the products?**

Matt and John did a lot of reverse engineering to set this system up right. They also used the mastermind groups that they were in to make it even better. Then, they put the system together in a way that you could make money in some of the easiest ways possible. So, you can be sure that they are quite confident about their system. It's built upon proven systems, tested pages, and solid analytics.

You don't have to worry about any of that though. This system is built so that you only have to worry about getting traffic and raking in as much cash as possible. They want to help make you rich by utilizing the program because, again, you are their partner in all of this.

### **Will I need to have PayPal to get paid?**

No, not at all. Some people don't have it, and some people don't want it. That's okay. There are a number of different ways to get set up to receive payments.

### **Does this really pay out over and over again?**

Yes. You will get paid on the upfront sales, and then there are the one-time offers, upsells, and downsells inside of the funnels. Also, even if people don't buy the products in the funnel, the team is following up with these potential customers via email. So, they'll have even more opportunities to make investments in one-time offers, upsells, and cross-sales.

### **Is there a guarantee?**

YES! This system is set up so that if you aren't happy, you'll get your money back. First, the team guarantees that they will have you set up and ready to go in as little time as possible. Second, since this does require a manual setup process for each person coming in, it does take the team some time to do this work. So, they will work to get you set up within a few days' time, and make sure that you are fully and completely set up. Third, they'll make sure that you are set up to earn commissions as quickly as possible.

While they are in the process of setting up all of your resell funnels for you, you'll have unlimited access to the program's entire collection of products for all of the funnels provided. That's the fourth guarantee. Fifth, for a full seven days, with complete access, you get to decide whether Zeus Factory is right for you. Access is unlimited, and so, this doesn't get any easier or risk-free than what's being offered right now.

Just because of how complex things are when it comes to other people and other trainings. If you have been sucked into that vortex, it's pretty easy to become quickly overwhelmed, disillusioned, or disappointed. John and Matt have been through this, and they don't want to see you have to suffer through this either. That's why they have tried to remove all these challenges and bring you a done-for-you system that will not be too complicated and actually bring about results.

### **What else do I need to pay for? Do I need paid traffic?**
